Commitment

Our word this year is commitment. The definition of commitment is the state or quality of being dedicated to a cause, activity, etc. We are committed to having the best school year ever! We will continue to be committed throughout the year to ensure we are living our mission of knowledge plus character pave the road to college and beyond.

High Expectations

The start of the fourth quarter always makes me stop and think, "What happened to the year?" This school year is no exception. It has been a great year from my perspective. The students that attend MCP and the people that work here make MilwCollegePrep-38th Street truly a great place to be! As the year winds down, there are a few important reminders for parents and students. We have a chance to finish strong with new goals to improve our attendance, our character, and our knowledge. Make sure to send your scholar to school daily, as attendance is important til the last day of school.

Reminder:

K4 is almost 90% full across the networks. A few openings remain at 36th, Lloyd and North. Spread the word and enroll ASAP.

BE THE CHANGE

TUTOR STUDENTS - TRANSFORM LIVES

Reading is the foundation of all learning – but in Wisconsin, over half of children struggle to read by 3rd grade. As a literacy tutor, you can help these students gain the skills they need to thrive.

Our tutors work one-on-one with students from Kindergarten to 3rd grade. No experience? No problem! Reading Corps provides comprehensive training in strategies proven to help students build skills and become successful readers.
